Protect, Enhance and Save Lives

Heathrow Country Club  
Monday, October 12, 2009  
Orlando, Florida

“By participating in this tournament you will be supporting UF research in proton therapy to help cancer patients.”

**WITH A FOCUS ON RESEARCH**, the University of Florida Proton Therapy Institute is committed to changing the way cancer is treated. Proton therapy is a new weapon to use against cancer; a weapon we believe will be more effective and less toxic.

**OVER 45,000 PROTON TREATMENTS HAVE BEEN DELIVERED** to patients from all 50 states and around the world at UFPTI since its opening in August 2006. UFPTI patients have received proton therapy for childhood cancers as well as cancers of the prostate, brain, bones, head and neck, pancreas, lung and lymphomas.

**PROTONS, IN CONTRAST** to conventional radiation therapy, deposit less radiation dose in healthy tissues, thus offering hope for a better quality of life in cancer survivors. In addition, since there is less risk of damaging normal tissues with protons, higher doses can be given offering hope of a greater chance of cure.

**THE UNIVERSITY OF FLORIDA PROTON THERAPY INSTITUTE** is committed to changing the way cancer treatment is experienced. One of the core missions of the facility is to conduct clinical and basic research to improve the effectiveness and availability of this promising treatment to cancer patients across the nation. By playing in this tournament, you will be supporting proton therapy research and helping cancer patients both now and in the future.

- Nancy Mendenhall, M.D.  
Medical Director of UF Proton Therapy Institute

**CELEBRITY**

“**Gator Great**”, **Chris Doering**, member of the University of Florida Football Hall of Fame, 10 year veteran of the NFL, and TV and Radio sports commentator. To review additions and updates to our list of celebrity players, visit our Web site at [www.floridaproton.golfreg.com](http://www.floridaproton.golfreg.com).

**THANK YOU**

As we celebrate our 6<sup>th</sup> annual Play Golf – Fight Cancer tournament we would like to take this time to thank all of our sponsors, players, celebrities and volunteers over the years. Many have been a part of our tournament and fund-raising efforts for all six years. Without your support and participation our successful fund-raising for research into proton therapy would not have been possible. In our first five years we have netted over \$675,000, which first went towards bricks and mortar. Since 2006 all of our net profits (\$311,000), have gone directly to our research efforts to better utilize proton therapy and to make it available to many more facing the fight against cancer.

**FESTIVITIES**
